

## McGill Reproductive Centre

### Check-list for Out-of-Town Patient

A file for out-of-town patients will only be opened once we receive all of the results from the list of test noted below. **Please note that these tests must have been done within the last 12 months.**

In order to evaluate your file we need the following tests and documents filled out and sent to McGill Reproductive Centre.

#### *Couple:*

- self-assessment form with credit card information
- out-of-town patients consent form (for non-Canadian residents)

#### *Women:*

- Blood group
- Prolactin
- TSH
- FSH between day 2 to day 5 of the menstrual cycle.
- LH between day 2 to day 5 of the menstrual cycle.
- E2 between day 2 to day 5 of the menstrual cycle.
- CBC
- HIV
- HbsAg
- HCV
- Rubella
- Transvaginal ultrasound between day two to day five of the menstrual cycle.

#### *Men:*

- HIV
- HbsAg
- HCV
- Semen analysis
